## DISCLAIMER

The information within this brochure is subject to change.

Our story started back in 1985, when CAFT founder Tim Grundy was inspired to create a special place where terminally ill, disabled and socially disadvantaged children could have a break away from their circumstances. Tim was inspired whilst donating toys to a local centre supporting young children, he asked "Is there anything else these children need?" The response:

**'WHAT THESE KIDS NEED IS A HOLIDAY, BUT THEY WILL NEVER GET THE OPPORTUNITY'**

In 1992, after years of hard work fundraising and renovating, The Children's Adventure Farm Trust was ready to receive the first children for a holiday at the farm.

CAFT helps children of all abilities aged 17 and under, children who through no fault of their own miss out on the normality of childhood. Children with complex and severe physical or learning disabilities, sensory impairments and terminal illnesses. Children from disadvantaged backgrounds, children who have witnessed or faced abuse. Children who act as young carers and sadly, children who have already faced bereavement. For these children, a break at The Children's Adventure Trust provides a fantastic and much needed opportunity to escape the traumas of their everyday life and for a few days they can simply be children again.

## FREQUENTLY ASKED questions

### HOW MANY PEOPLE PER TEAM?

A team is made up of either 2 or 3 people. Apparently there is no 'I' in it. You get one Tuk-Tuk per team and 1 room per team.

### CAN I BOOK MY OWN ACCOMMODATION?

Unfortunately, no. Only because each leg will start from the hotel / overnight stop and the idea is to share our challenging travel experience together. Most importantly you wouldn't want to miss out on each night's social gatherings...

### WHAT SHOULD I BRING ALONG?

Probably not your ski jacket. Or that set of golf clubs. Cambodia has a tropical climate, so pack accordingly. The nights can get a little chilly, depending on the time of year, so a windbreaker jacket and a few light layers wouldn't go amiss. Other than that, bring all your travel essentials, some good quality sun cream and anything you think will make the long driving days more fun (we recommend honing your I-Spy skills beforehand).

We will also be sending you a what to pack kit list.

### HOW ON EARTH DO YOU DRIVE A TUK-TUK?

Don't stress, they're very Friendly. If you can ride a scooter, you can drive a Tuk-Tuk. Besides, on the first day everyone gets mandatory Tuk-Tuk driving instruction and safety training. You'll have plenty of practice before hitting the open road.

### HOW FAST DO TUK-TUKS GO?

Whoa there, speed racer. These bad boys can't really get over 40 kph. The average speed should be around 30 kph. Fast enough to get the blood racing, but not so fast you hit a cow. That's the sweet spot.

# SEE WHAT EVERYONE has been saying...

"Everyone I tell about my time on the Cambo Challenge, even those who have been to Cambodia, are jealous of it. It's quite literally the adventure of a lifetime. On reflection this trip was incredible for so many reasons, of course the challenge of driving Tuk-Tuks on bumpy, water logged, dusty roads, to unknown destinations, unable to speak the language was exciting (and at times frustrating) but we'd expected that. More though, the experience of meeting such incredible people who gave us a hand, petrol, a tyre, when our Tuk-Tuks gave up, got the whole family and village involved in helping us find our way when we were lost, and were willing to welcome us in to their homes and share their stories with us, these are the experiences that I will truly treasure and that made the Cambo Challenge such an amazing trip!"

**LIANNE DAWES**  
**TEAM BOOTY TUKKERS**

"Well they say your honeymoon should be something you never forget and this sure has been that!! Thanks to Julian and Juan from Large Minority for an amazing Cambo Challenge, we had a fab time and experienced Asia in a way you never would on your own... We have to start planning which challenge we do next!!"

**VICKY BRENTNALL**  
**TEAM NEWLYWEDS**

"People keep asking me about the Cambo Challenge and I think I've nailed what makes it so incomparable for me, it's all about the human interactions. The group were fun, switched on, non-competitive and from all over the map. The challenges got us past our barriers and into authentic Cambodian communities and interactions. The Large Minority team were smart, creative, playful and good times. Traveling by Tuk-Tuk was crazy, liberating and totally engaging with your surroundings, and Cambodia itself...half confronting, half embracing and incomparable throughout. We loved it."

**JAMIE RASKIN**  
**TEAM TANUKI**

"Went on the inaugural Italy adventure and it was great. A previous customer from Sri Lanka and Cambodia so doing a convenient week-long European trip was perfect for maximal holiday time. This trip was a great chance to enjoy Western niceties whilst still having the fun of the Tuk-Tuks. The locals loved them, weather was great, as were the food and drink and the views and sites too. A great first timers' option – take the plunge for something different!"

**DAVE**  
**CAN'T CATCH THIS**

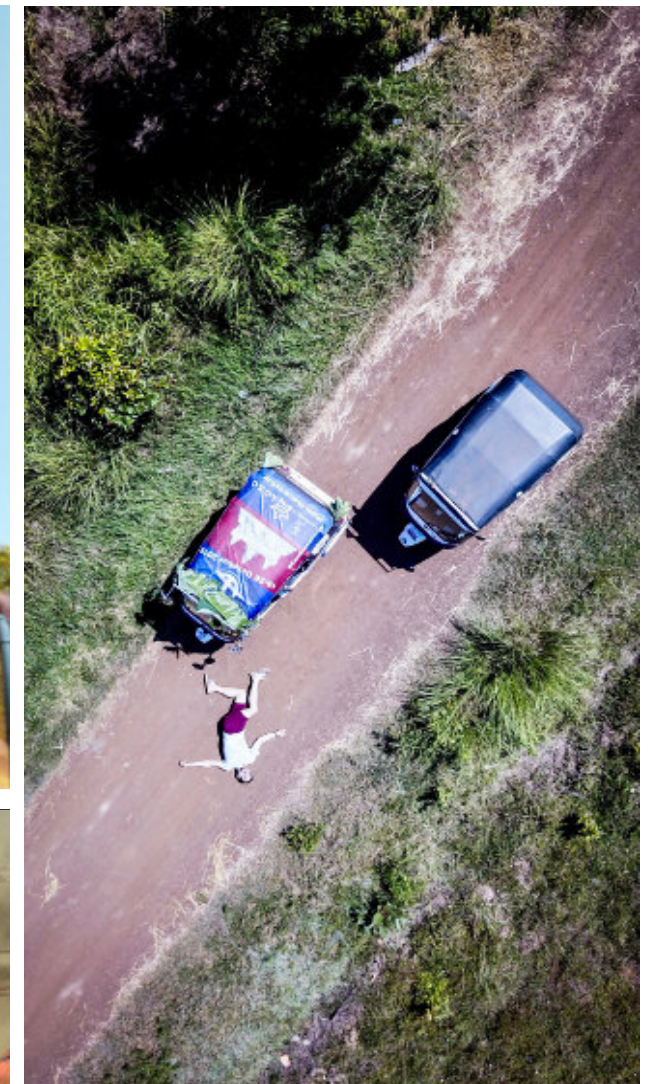

"A very unique adventure which not only covers the landscaped beauty of Sri Lanka but also respectfully connects you with the local communities and ancient traditions. Any adventure (worldwide) wouldn't be so successful without the experienced team and support staff behind the scenes everyday. Highly recommend!"
